## HOW TO SOLVE

Number Fill-Ins are fill-in puzzles with a delightful difference — instead of words, each puzzle consists entirely of numbers!

Just like regular fill-ins, the entries are given to you. Solve the puzzles by filling in the diagrams with entries reading across and down as in a crossword puzzle. The entries are listed in numerical order according to length. Across and Down entries are all mixed together; find their proper places in the diagrams.

Most puzzle diagrams have one entry filled in to help you get started. Happy solving!
